INTRODUCTORY.

TO THE READER.

We now have the pleasure of presenting you with the XIVth volumn of our annual Calendar. It has been prepared with considerable care and expense. We trust you will preserve it for frequent reference during the year, both on account of the usefulness of its astronomical calculations and on account of the advantage you may derive from obtaining a knowledge of the superior efficacy of our remedies.

For nearly Thirty Years our senior proprietor has labored diligently to place and keep before the public in the most convenient form; such remedies as are most successful in speedily relieving human suffering, with such printed advices as will enable persons remote from physicians, or who are unable to pay doctor bills, to successfully treat themselves and their families in a very large majority of cases. He now rejoices to know that his labor has not been in vain; but has been crowned with great success.

These medicines have not gained their present notoriety through any newspaper puffs or false representations, but through their own true merit, the result of practical use, and the aid our Calendar has given in causing them to be tried.

Study well the directions accompanying each article and you can use them in your families with great success.

C. WAKEFIELD & CO.

We have formed a Western Branch house at Lawrence, Kansas, in which H. Waters has a half interest. Our customers in Kansas and Nebraska, should direct their communications to

C. WAKEFIELD & Co.,
Lawrence, Kansas.

WAKEFIELD'S FAMILY MEDICINES

ARE MANUFACTURED BY
C. WAKEFIELD & CO., BLOOMINGTON, ILL.

These Medicines consist of a variety of remedies adapted to the different diseases that prevail, and are for sale at Manufacturers' prices by all Wholesale Drug Stores in the West.

CATALOGUE WITH RETAIL PRICES:

Fever Specific	•	\$1.00	Egyptian Liniment, med.	50
Ague and Fever Pills	-	1.00	Nerve and Bone Liniment	25
Cough Syrup	•	35	Worm Destroyer	25
Blackberry Balsam	med.	50	Liver Pills	25
Wine Bitters	-	35	Rheumatic Plaster	25
Pain Cure	-	75	Eye Salve	25
Egyptian Liniment	•	50	Egyptian Salve	25
Chlo. of Pot. Lozeng ^{es}	-	25	Brown's Bat Killer	25
			Toothache Drops	25

Many of these articles have been issued to the public by the same Proprietor for the last twenty-seven years, and during that long time they have been continually growing in popular favor, and are now sought for in new territory where they have been heard of.

THEY have the reputation of being active, reliable and safe vegetable remedies, and filling their recommendations in every particular.

PERSONS who rely on these harmless and reliable remedies, who keep them at hand and use them to combat first symptoms, seldom require the services of a physician, and seldom lose time by sickness. "A stitch in time saves nine."

THEY save you ten times their cost in doctor bills, and much time which is often of more value than money. THEY save you a great amount of human suffering for which money will not compensate.

Every householder should continually have in his house at least one bottle each of **Cough Syrup**, **Blackberry Balsam** and **Pain Cure**, and a box of **Liver Pills**. With these he can repel the first attack of a large majority of diseases.

If your children have diarrhea or summer complaint, from teething, use the **Blackberry Balsam** before the child gets weak. If they take a sudden cold, give the **Cough Syrup**; if colic, or any pain arise, use the **Pain Cure**, and thus save uncontrollable conditions, as you would avoid a conflagration by extinguishing its incipient fire.

For Sick Headache, when constitutional, take the **Wine Bitters** regularly, according to directions, for several weeks, and apply the **Pain Cure** externally when the headache comes on.

ECLIPSES FOR 1874.

In the year 1874 there will be four eclipses; two of the Sun and two of the Moon, and a transit of Venus over the Sun's disk.

1st. A total eclipse of the Sun, Apr. 16th; visible only in the Southern and Eastern Hemispheres.

2nd. A partial eclipse of the Moon, Apr. 31st, and occurs in the day time.

3d. An annual eclipse of the Sun, Oct. 9th; visible only on the Eastern Continent.

4th. A total and visible eclipse of the Moon, Oct. 24th, as follows:

	D	H	M	
Moon enters Sun's shadow,	24	11	41	P. M.
Total Phase begins,	25	1	0	A. M.
Middle of Eclipse,	25	1	16	A. M.
Total Phase ends,	25	1	32	A. M.
Moon leaves shadow,	25	2	51	A. M.

The transit of Venus over the Sun's disk, Dec. 8th; occurs in the night and is consequently invisible.

PAIN! PAIN! PAIN! PAIN!

One of the best remedies before the public for the relief of Pain and Lameness, is **Wakefield's Magic Pain Cure**. This powerful remedy is composed of essential oils and other most stimulating, quieting and penetrating ingredients, combined with especial reference to their effect in thoroughly arousing the dormant **magnetic forces**.

Medicines improperly combined will counteract each other's effect, so that two ingredients will produce less effect than one alone, and their effects are magnetically negative; while, when properly combined like this **Pain Cure**, their united forces produce a positive magnetic power that arouses the latent energies to vigorous action and soon restores a healthy equilibrium in the action of the circulating fluids.

It is a thorough remedy for the following diseases :

Neuralgic Pains,	Contracted muscles,
Cramps,	Weak spine,
Congestion of the stomach,	Headache, Paralysis,
Bowels or Liver,	Sore Throat, Boils,
Rheumatism,	Swellings, Chilblains,
Lameness in any part,	Corns, and Pain in any part.

BARBER'S MILLS, IND., March 6th., 1872.

DR. C. WAKEFIELD & Co., BLOOMINGTON, ILL.,
GENTS: Please send me 4 doz. COUGH SYRUP, large size;
2 doz. EGYPTIAN SALVE; 1½ doz. WINE BITTERS.

I would just say in behalf of your preparations that they give general satisfaction with all that have bought of me, and further, I will state to all that want immediate relief to buy your medicines, for they have saved me many a doctors bill.

Yours Respectfully, MORGAN WARE.

P. S.—You can publish this if you wish, as I mean just what I say.

J. C. SMITH & Co., of Atwood, Ind., say: Send us two doz., Pain Cure, it is the best in use, it gives entire satisfaction.

WATERLOO, IOWA, June, 21st., 1872.

I have sold and known Dr. C. Wakefield's medicines for the past seven years, and they have sold well and give good satisfaction.

I can Especially recommend his Blackberry Balsam; repeated tests having proven it to be an invaluable remedy, and the leading one for Bowel Complaints.

GEO. W. HARBIN.

WAKEFIELD'S Medicines
are not surpassed.

New Years.

THE proprietors of this Calendar do most cordially wish a happy New Year to all of their numerous patrons; and finally to the whole human family.

JANUARY should be, at least, one of the happiest months of the year. Though the weather may be cold and bleak; a cheerful fire renders us comfortable. We have a more general time of leisure to enjoy sociability and amusement with our friends, and long evenings to read and enjoy social cheer. It is now that we most rapidly recuperate our energies wasted during the hot season.

Let us strive then to be ever happy; even in the bleakest day of winter.

Innocent and social amusements are elevating to the soul. God and the angels delight in our happiness. What is real happiness, but the gratification of our purest desires? May each succeeding month and day find us cultivating purity of thought and action which will elevate our spiritual natures, so that should we be called hence we shall readily affinisise with our most elevated spiritual friends who have gone before us.

NOTHING can be done well that is done in a hurry; said a father to his erratic son. How about catching Fleas? asked the son.

"GREAT talkers are common liars."

FOR NERVOUS HEADACHE

Apply the PAIN CURE freely, under the hair at the base of the brain, both front and back; rub in briskly for a few minutes and the pain will cease.

FOR SICK HEADACHE.—Apply externally and take a little internally. If you are bilious take two or three Liver Pills.

For Neuralgia and fresh attacks of Rheumatism, apply the PAIN CURE freely to the back part of the head and neck, or wherever the pain is located, and repeat often. Bathe the feet in warm water, with a little soda in it, and take two of our LIVER PILLS, then cover up warm in bed and take a good rest. If not fully relieved by this, repeat the applications and take four doses of FEVER SPECIFIC in addition during the day.

For old Chronic Rheumatism

First, apply a wet compress, as hot as can be borne,

over the afflicted part and over the point where the nerves leading to that part, branch from the spine, for twenty or thirty minutes; then wipe dry and apply freely our Pain Cure and rub in for some time; then cover well with flannel bandages. Repeat the process twice a day and take ten drops of Pain Cure internally every hour. After a few days apply a Plaster over the weakest part of the spine.

LA CROSSE, HANCOCK CO., ILL. Jan., 1873.

DR. C. WAKEFIELD, Sir: Your Magic Pain Cure is a valuable remedy; my liver was much disordered and I had pain in my stomach constantly for three years; doctored with different Doctors for three years without any relief whatever. When you sent your Pain Cure, I used one bottle and a half, and have not felt the pain since.

Yours truly,

SAMUEL GLASS.

LOST ISLAND, IOWA, Oct., 25th., 1872.

DR. C. WAKEFIELD, Sir: Your Pain Cure is the remedy of the age. It has done wonders here and is popular with the people.

So also, is your Cough Syrup; it is the most effective remedy in Coughs and Colds that has been offered for sale here.

Yours truly,

LEWIS J. ELY.

A MAN who had "a will all of his own" didn't get along very well at home, because his wife had "a won't of her own."

Miscellany.

AN Irish housemaid who was sent to call a gentleman to dinner found him using a toothbrush. "Well, is he coming?" asked the lady. "Yes, ma'am, directly; he is just sharpening his teeth!"

USEFUL ARTICLE.—Wakefield's PAIN CURE applies to a great variety of diseases, pains, aches, lameness, paralyse &c., and should be kept in every family.

A LITTLE girl improved the Lord's Prayer by asking for her daily gingerbread.

Too close intimacy with other men's wives will bring disgrace upon you—unless you are a clergyman.

FARMERS and Mechanics who practice economy, save much money by relying on Wakefield's remedies.

IF your neighbor's hens are troublesome

And steal across the way, Don't let your angry passions rise;

But fix a place for them to lay.

"WASTE not, want not" is an old saying. Waste not your money or your nervous energy while young, for you will need both during your declining years.

THE smaller the calibre of the mind, the bigger the bore of a perpetually open mouth.

COLDS AND COUGHS.

A cold is generally caused by some sudden change in the temperature of some portion of the exposed surface. The effect is to throw the blood inward, which increases the action of the heart, produces a feverish or an inflamed condition of the internal organs, and retards their natural excretions. This inflamed and clogged condition soon produces a contraction of the air passages, and an irritation of the sensitive nerves of the respiratory apparatus which causes a COUGH.

WAKEFIELD'S COUGH SYRUP is especially adapted to the relief of the above described conditions. In large doses it relaxes and subdues these exalted conditions; quiets the nerves; equalizes the circulation; induces gentle perspiration and enables the excretory organs to throw off the accumulated morbid secretions.

It is thus adapted to all exalted condition of the vital organ, as in Colds, Typhoid or Lung Fever, Spotted Fever, Measles and Whooping Cough.

Persevere in a free use of the Syrup in connection with the wet applications as the directions advise; and you will obtain a speedy relief. The time required to break up an attack will be in proportion to the violence of the congestion. Many persons die of Lung Fever because they do not commence in time with the proper remedies to relieve the congestion, and start the excretions. They often use strong and improper medicines, producing glandular irritation, and otherwise increasing the congestion, until they are soon beyond the control of any remedy. Whereas if they had commenced with these proper relaxants, and followed the hygiene advised in the directions they would have improved from the start.

A Little careful thought will convince any one of the soundness of this system, and it is in accordance with the best experience of this progressive age.

Wakefield's Cough Syrup in Croup.

Jan. 15th., 1873.

Mr. H. C. Moore, of Holland, Ill., Says: We have been using your Cough Syrup in CROUP. Two of my children have been troubled with it for the last three years, and I find it the best remedy that I ever tried. I would not be without it for three times the price.

DRYWOOD, Mo., April, 24th., 1873.

DR. C. Wakefield & Co.,: I Most cheerfully recommend your Cough Syrup, it sells very fast and gives good satisfaction, please send us more of the large size bottles.

Yours truly,

E. GRACE, Agt.

HE that asks the fewest favors is best received.

Maxims.

THROW a young man on his own resources, if you would insure his success. When the eagle wants her young to fly, she destroys the nest.

IF you would get rich, take care of the pence, and look out for the expense.

SHOULD old acquaintance be forgot? Not if they cure your ills.

Do not run for office if you would not loose your character as a gentleman.

IF you pay what you owe, What you are worth you will know.

HE who waits to do a great deal at once will never do anything. The better way is make use of every moment to the best advantage you can.

IT is much easier to keep out of debt or trouble of any kind, than to get out.

HE is a fool who boasts of four things: that he has good wine, a good horse, a handsome wife and plenty of money.

Do what you ought, come what may.

WHO knows nothing in his thirtieth year, has nothing in his fiftieth; *learns* nothing, is nothing, and comes to nothing.

Joy is like the ague; one good day between two bad ones.

HE is a fool that praises himself, and a madman that speaks ill of himself.

AN INDISPENSIBLE ARTICLE.

A large majority of diseases require as early as possible a medicine that will gently relieve the clogged condition of the Liver, Stomach, Bowels and Blood, that they may again perform their accustomed labor.

Wakefield's Liver Pills are especially adapted to the accomplishment of this requirement.

ALWAYS SAFE.—They contain no mercury, no mineral or deleterious substance, and are harmless to the most delicate persons, and females in all conditions.

RELIABLE.—They meet all the wants of a reliable family purgative and alterative remedy.

PROMPT.—They act promptly on the Liver and cleanse the stomach in the mildest manner.

NEVER DEBILITATE.—They never produce griping of the bowels and very little prostration of strength.

FOR BILIOUSNESS.—By increasing the size of the dose they speedily relieve all bilious attacks.

THEY ASSIST NATURE.—They regulate the system without interfering with labor or digestion. Their action is so much in conformity with nature that they do not disturb the vital functions any more than proper food.

CANCERS.—For Fever Sore, Cancer Humors and similar impurities of the blood these **Pills** have gained much celebrity.

PURE BLOOD cannot be secreted when the stomach is foul any more than pure water can flow from a corrupt fountain. These **Pills** are designed to cure Liver Complaint, Dyspepsia, Headache, Nervous Debility, Jaundice, Costiveness, Eruptions of the skin, Scrofula, Salt Rheum and Enlargement of the Spleen; in larger doses, Bilious attacks Fits and Mental derangements.

For acute attacks take three or four pills at first dose. For chronic diseases take one or two pills every night.

Cured Fever Sore.

MR. J. HULINGER, of Bloomington, Ill. says: I had a Fever Sore on the side of my leg for many years. My limb was swelled very large and red as a beet; the opening was two inches in diameter and growing larger; I could not walk much on it. I commenced the use of **Wakefield's Liver Pills** and used them regularly for many months, and made a solution of Nitrate of Silver, using 20 grains to one ounce of water, and applied twice a day with a feather to the sore. My blood soon became less inflamed, the sore gradually grew smaller until it finally all healed up.

For Sore Eyes, Wakefield's Eye Salve has become quite famous. Try it.

Excuse haste and a bad pen, as the pig said when he broke out.

A Happy Man.

What a glorious world this would be, if all its inhabitants could say, with Shakespere's shepherd: "Sir, I am a true laborer! I earn what I wear; I owe no man hate; envy no man's happiness; glad of other men's good; content with my farm."

AN article you can always borrow.—Trouble.

How to make time go fast, use the spur of the moment.

A TALE of misery.—The coctail.

As a stitch in time saves nine; so a dose of Wakefield's LIVER PILLS taken when you have headache, or biliousness saves an attack of chills or fever.

A BOY defined salt as the stuff that make potatoes taste bad when you don't put any in.

THE highest office in Colorado, is the weather signal office on the top of Pike's Peak.

"I AM going to draw this bean into a knot" as a lady said when standing up to be married.

TWISTED hemp cures felons.

IF you have colds, a sense of sluggishness or symptoms of typhoid fever which often occurs in the spring. Use Wakefield's COUGH SYRUP.

SOMETHING that don't mind being pinched.—Snuff.

30 YEARS OF EXPERIENCE

Has established the superiority of **WAKEFIELD'S Fever Specific** in neutralizing *Miasmata*, overcoming bilious diseases, and ridding the system of **AGUE AND FEVER**, Bilious Fever, fevers of all kinds and all paroxysmal diseases. It is the oldest remedy in the West, and its annual use in families and neighborhoods during so long a period of time without failures; is a sufficient guaranty of its superiority.

It contains no arsenic or strychnine, is safe in use and sure in effect. It is so immediately diffusive that it arouses speedy action, and sometimes produces slight nausea of the stomach. When such occurs take small and more frequent doses, or instead use our **AGUE AND FEVER PILLS**.

Wakefield's Ague & Fever Pills.

These celebrated **PILLS** have all the medical properties and power of the **SPECIFIC**, concentrated into pill form, sugar coated and put up in glass vials and sealed. They are thus prepared for the convenience of those who prefer medicine in this form. They can be relied on as having no superior. The patient should first take a full dose of **LIVER PILLS**, and, in a few hours follow with the **SPECIFIC** or **AGUE PILLS**, as desired, and follow the directions that you receive with either. These articles are wholly vegetable and contain no poisons.

Do not let Ague and Fever wreck the nervous constitution of yourself or children, when one bottle of **FEVER SPECIFIC** will break it up. Break it up before it is well seated and before the nerves become debilitated or the blood disordered and you have less danger of relapse.

This miasmatic disease locates on the nerves, and the longer it runs the weaker the nerves become and the longer it takes to strengthen up against renewed attacks.

Too MODEST:—John F. Thomas, of New Philadelphia, Ill., says: Your medicines do much more than you recommend. In fact the half has scarcely been told.

A SURE THING:—O. T. Phelps, of Opdyke, Ill., writes Oct., 19th., 1872.—Your **FEVER SPECIFIC** is the only sure remedy here for Ague & Fever.

SAFE TO WARRANT:—Messrs. Weaver Bros., of Searsboro, Io., Sept. 18th., 1872, says: Your **FEVER SPECIFIC** meets with ready sale. We have warranted every bottle, and have not as yet had a single bottle returned.

SURE SALE.—Obert Smith of York Neck, Ill. writes under date of Sept. 13th., 1872.—Your **SPECIFIC** goes off like hot cakes in a cold morning; and it is as sure to cure as it is to go.

PAIN CURE is the best.

The New Marriage Ceremony.

Will you take this fine mansion, this gay carriage and these diamonds for thy wedded husband? Yes. Will you take this unpaid Milliner's bill, this high chignon of foreign hair, these affected accomplishments and feeble constitution for your wedded wife? Yes. Then what man has joined together, let some scamp run away with, and the first divorce court tear asunder.

SOMETHING that has stood the test for twenty-five years—Wakefield's BLACK-BERRY BALSAM.

A NEWS paper clerk in soliciting a stock dealer to subscribe for the paper, said, "Our editor's head is chuck full of live stock."

BOASTING is sometimes out of place. For instance; a self-conceited man remarked that he was a bachelor, as also, was his father before him.

FOR local pains there is nothing better than Wakefield's PAIN CURE.

AN OBTUSE BOY.—"I say, boy, 'stop that ox.'" "I've got no stopper, sir." "Well head him." "He is already headed, sir." "You stupid boy, turn him." "He's right side out already, sir." "Speak to him you rascal." "Good morning, Mr. Ox."

NOTHING looks more like a man of sense than a fool who holds his tongue.

TO AVOID DOCTOR BILLS

Keep Wakefield's Medicines

In your house; study the directions that accompany each article, and use the remedy required before a disease is fully located. They answer all your requirements. A few dollars invested in them will often save you from a succession of misfortunes that generally follow a spell of sickness. We give you a few extracts from among the many letters we receive, commending the efficacy of our Medicines:

MANSON, IOWA, July 16, 1872.

C. WAKEFIELD & Co.,: We send you today by Express \$25.30, amount due you for medicines sold. The **Cough Syrup Blackberry Balsam & Magic Pain Cure** are a dead certainty, for the different ills they are said to cure. We warrant them to the extent of the English Language.

Yours,

GLOVER BROS.

J. H. PHILLIPS, writing from Horse Prairie, Franklin Co., Ill., says: "I cannot extol any one of your medicines above another. They are all as good as you recommend them to be. I have used them for ten years and always with perfect satisfaction."

September 4th., 1872.

P. S. Baker, of Queensville, Ind., writes: I have sold a great many kinds of medicines during the past ten years, but have never sold any giving such general satisfaction as your COUGH SYRUP; it heals in every instance, in fact all of your preparations as far as tried give equally as good satisfaction. In several instances I have taken the liberty to warrant your medicines, and have never had any returned.

TROQUOIS, ILL., Jan., 4th., 1873.

DR. C. WAKEFIELD & Co., GENTS: Your medicines are very popular here; I have had many calls for your COUGH SYRUP. The BLACKBERRY BALSAM cured many bad cases of Flux and Bowel Complaints here the past season; not failing in one single instance.

Yours truly,

A. O. WHITEMAN.

WINDFALL, IND., March, 27th., 1873.

MESSRS., C. WAKEFIELD & Co.,: Your medicines are selling rapidly. Our customers tell us that we must keep all of your medicines in stock. We never had a medicine that sold as rapidly and gave the satisfaction that your Cough Syrup does.

Yours Respectfully,

SCHELL & SUMAN.

How to make a tall man short.—Ask him to lend you five dollars.

Miscellany.

A JEW Clothing Store, advertised goods at half price.

A country man seeing his sign went in and found a coat that fitted properly, asked the price, counted out half the sum to the proprietor and started out with the coat.

The proprietor called him back for the balance of the mony, when the stranger refered him his sign, "Selling at Half Price" and went on.

IF YOU have debility and loss of appetite, the WINE BITTERS is the exact thing you need.

PAT'S EXPLANATION.—I say Pat, is it true you have taken the pledgo? asked Mike.

Indade it is true and I'm not ashamed of it either, said Pat.

Well said Mike, but did not Paul tell Timothy to take a little more wine for the stomach's sake.

So he did Mike, but my name is not Timothy, and there's nothing the matter of my stomach.

BILIOUSNESS and Liver Complaint require the use of LIVER PILLS.

A MAN was asked what induced him to make a Law student of his son.

Oh! he was always a lying little cus, and I thought I would humor his leading propensity.

A FINE coat may cover a fool, but never conceals one.

DIARRHEA !

Or a relaxed condition of the bowels, is among the most troublesome diseases of the summer season. Persons are often attacked with this disease very suddenly, and unless a proper remedy is at hand may become speedily debilitated and rendered unfit for either mental or physical labor.

A sure remedy is found in WAKEFIELD'S BLACKBERRY BALSAM. Its effects are immediate and always reliable. It quiets the action of the stomach, relieves colic, controls all relaxed conditions and heals the irritated mucous membranes.

If persevered in, it cures all cases of old chronic or Camp Diarrhea. For children with teething diarrhea it is much more serviceable than the Soothing Syrups. It is pleasant to take, and reduced with a little water, can be given to the smallest infant.

SUMMER COMPLAINT IN CHILDREN is generally caused by teething, but may be produced by other causes that irritate the nervous system and debilitate the digestive organs. The mother should see to keeping the bowels under proper control by a proper use of the BALSAM, and otherwise try to overcome the irritating cause. Give the child a daily sponge bath, followed by thorough rubbing with the naked hands. Guard well the diet in quality and quantity of food, as the digestive organs are invariably weak. Keep the child quiet and cool and persevere with judgment. If the child is bilious give one or two teaspoonfuls of WINE BITTERS each day.

For Cholera.—AS WAKEFIELD'S BLACKBERRY BALSAM has no superior for disorders of the bowels, it should be kept in every family during any prevalence of such disease, and used promptly before violent disease has made much progress. Take large doses as in severe attacks of Diarrhea and keep quiet. The first symptoms are generally readily controlled. But if the case has progressed rapidly to rice water discharges, give half of a bottle of BALSAM at a dose and repeat in fifteen minutes, and wring flannel cloths out of hot salt and water made very strong, and apply to the bowels, changing often, also rub the body and limbs vigorously with the naked hand to arouse action on the surface. If a case is so severe that a few such doses have not given relief, mix equal parts strong spirits of Camphor, tincture Opium and tincture of Capsicum. Take a teaspoonfull at a dose, between the doses of Balsam.

For Horse Flesh; Lameness, Bruises, Sores &c., the Egyptian Liniment has no superior. It should be kept in every stable.

If the eyes don't see, the heart won't break.

NINTH.

A LITTLE nonsense now
and then,
Is relished by the best of
men.

TO KEEP OUT OF DEBT.—
Acquire the reputation of a
rascal and no one will trust
you.

"WHATEVER is, is right."
—with a few exceptions,
the left eye for instance.

THE best man is not al-
ways the largest man or
the one who talks the most.
The best medicines are not
always the ones that are
most advertised in news-
papers. Wakefield puts
money in the quality of his
medicines that others put
in newspaper puffs.

"WHAT'S the use of try-
ing to be honest?" asked
a young man of his friend.
"Oh! you ought to try it
once to see if you can,"
was the reply.

A YOUNG man at a party
was asked if he could play
the piano; asked, Is it any-
thing like seven up?

TOOTHACHE may be
cured by holding in the
hand a certain root.—The
root of the tooth.

COURAGE, a trait of char-
acter common to all ani-
mals, receives more ap-
plause than discretion,
which is a result of good
sense.

LEARN to say "no" with
propriety; there is no use
of snapping it out dog fash-
ion, but say it firmly and
respectfully.

AGUE & FEVER.

Chills, Dumb Ague and all paroxysmal diseases are supposed to be caused by the miasmatic exhalations, from rich marshy and damp earth being absorbed into the blood through the respiratory organs. This poison seems to produce debility of the nerves and an irregularity in the action of the positive and negative forces, which is soon corrected by the use of **Wakefield's Fever Specific.**

Under the effect of this vacillating condition of the magnetic forces, which are the propelling power; the stomach and liver but half perform their usual labor, and thereby very soon get out of order. We therefore recommend the patient to take first a dose of **Liver Pills**, and, in a few hours follow with the **Specific** or **Ague Pills**, as desired and follow the directions that you receive with either. These articles are wholly vegetable and contain no arsenic, no strychnine, no poison.

All the Doctor I Want.

TERRE HAUTE, Mo., Jan. 22d., 1873.

MESSRS. C. WAKEFIELD & Co., dear sirs:—My wife was taken sick very suddenly in the fall; was confined to her bed, and had a very high fever. I gave her a dose of **LIVER PILLS**, and after it took effect gave her **FEVER SPECIFIC** every hour for one and a half days. In three days she was able to attend to her household affairs. Your medicines are all the physician I want in my family.

Yours respectfully, JAMES B. FRY, P. M.

QUARRY IOWA, Aug. 26th., 1872.

DR. C. WAKEFIELD & Co.: Please send us by Express at once 4 doz., **FEVER SPECIFIC**; as we will be out before it arrives. it is dead shot to Ague & Fever.

Yours truly, COATE & HEYWORTH.

MANSFIELD, ILL., Jan. 13th., 1872.

DR. C. WAKEFIELD:—I must say that during the season of Chills & Fever, your **FEVER SPECIFIC** give the best of satisfaction. I found it in my trade to be more effectual than all others.

Yours,

R. J. TATMAN.

MR. LAMB, Agent at Dryden, Neb., writes: "I have not known a case of Fever & Ague, with proper diet, which your **SPECIFIC** has failed to cure."

WM. JEFFREYS & SONS, Agents at Elmdale, Kan., writes: "Your **COUGH SYRUP** is the best medicine in the market."

BITTERS—for the health.

Do not ride a hobby.

No system of phylosophy, religion, politics or medical practice has all the essence of truth and goodness, and none are wholly destitute of them. Wakefield is free from isms and strives to cull the best from all—especially in medicine.

INSULTS are like counterfeited money.--We cannot hinder their being offered, but we are not compelled to take them.

No FACT has been better established in this progressive age, than this; that Wakefield's Medicines are better adapted to the diseases of the West than any other before the public. They are safe and reliable. They give speedy relief, save you many doctor bills; much suffering; long confinement and loss of time

No one remedy so useful in a family during winter and spring, as Wakefield's COUGH SYRUP.

THE cool and deliberate man succeeds best in any undertaking.

KATY, aged three years, was trying to think of a pleasant surprise for her father on his birthday. At last she cried: "I know, mama, I know." "What, my dear?" "Get me a little sister without saying anything to papa."

IRON may be a good tonic for young ladies; but ironing is better.

INDUSTRY is the parent of fortune.

CERTIFICATES.

Cured after a council of Doctors failed.

BUSHNELL, ILL. Jan. 10th, 1873.

DR. C. WAKEFIELD & Co. sirs: A physician of thirty years practice says; that in the case of Mrs. Dunken, one bottle of Wakefield's **Cough Syrup** was used in connection with his practice with marvelous success. The patient was prostrated several weeks; all physicians around her had pronounced her case hopeless; as there was a large cavity in her throat caused from bronchial affection. She threw from her lungs one and a half pints of matter in 24 hours. She now lives and is well.

G. J. COWGILL.

NORMAL, ILL., Nov., 6th., 1872.

DR. WAKEFIELD, sir: I would tell you of a very remarkable cure performed on me by your **BLACKBERRY BALSAM**. I got badly poisoned by some improper food and it gave me a most awful diarrhea. The doctors remedies failed, and they said I could not live. Some friend advised me to try your **BALSAM**. I at first bought three bottles which gave me great relief, and I continued its use for several days, and it cured me effectually.

PETER DE VRIES.

H. L. WILLIAMS Agent at Montavello, Mo., writes: Your medicines are selling rapidly, especially **COUGH SYRUP**, **PAIN CURE**, **WINE BITTERS** & **LIVER PILLS**. Some say they do not act like medicine but like a charm.

Cured Cholera!

A. C. WALSWORTH of Fairmont Mo., writes under date of Sept., 19th., 1872.—Some four years ago Mr. W. F. Perry, general agent for J. C. Ayers & Co., had the Cholera at my house. We employed no physician, but used one and a half bottles of your **BLACKBERRY BALSAM** and cured him. He was so weak after the severe pain that he stayed with me five days. This he will testify to if desired.

No excuse for suffering pain when the Pain Cure will give speedy relief every time.

WAKEFIELD'S PAIN CURE is superior to anything before the public in all acute or deep seated pains. It is used both internally and externally, as the symptoms may require.

For Galls, Bruises and Lameness on Horses use WAKEFIELD'S EGYPTIAN LINIMENT.

As no man can avoid his own company he should make it as good as possible.

Hints to Masqueraders.

A tall slim fellow is in trouble. He wants to know what character to assume at a masquerade. A fashionable journal advises him to braid his legs and go as a whip-lash or roll himself round and round a dozen times and go as a roll of tape; wrap himself up in the national flag and go as a barber's pole; bristle his hair and go as a white-wash brush; swallow a few marbles and go as a rattle-box; put an insulator in his mouth and go as a telegraph pole; or walk on his hands as a pair of scissors.

W. D. HAMILTON, of Wheatland, Ill., Says: Your COUGH SYRUP saved the life of my youngest child who had a very severe attack of Lung Fever.

PERSEVERENCE overcomes all difficulties.

One flake upon another, and the deepest snow is laid.

One brick upon another, and the highest wall is made.

ALL irregularity of the bowels is soon corrected by the use of the BLACKBERRY BALSAM.

It is less painful to learn in youth than to be ignorant in old age.

ART was first introduced when Eve went into the manufacture of fig aprons.

A CONFAB OF A GERMAN WITH A NEGRO WHO WAS SHAKING WITH THE AGUE.

G.—Mein Friend, you dond told vots der drobble mit you?

N.—I's got de shakes.

G.—Der vot?

N.—De Fever and Ager.

G.—Oh, yaw, I couldnt vas tell vots der drobble. You been sick und dook a leedle von dot medicines vot says "Shake yourself pooty cood before daking" and it gib you shakes—so?

N.—You go way, you tryin to make fun of me cause I's sick.

G.—Vell I vas nix fun maging. Dond you got me mad

mein friend. Auf you got me mad und make one aggravation, I go home und kick mein frou in dwo places. Dots der kind auf man I am. I vas nix fun maging. You shust go righd away quick und dake a leedle auf dot Wakefield's Fever Specific, und you got righd away quick bedder, as you vas never been. I got me dot medicines und it so quick make me all vell and coot.

(The Negro gets the medicine, breaks up the Ague and appears like another being, when the German meets him again and thus addresses his companion.)

G.—Shust loog auf dot shendlemans mit kuller. Tay pehint yesterday he vas shust like der rattle mit a pabys hant, and shook all de viles. He dook dot Wakefields medicines I dole him about, und now he is all righd und look all coot. You petter got some dot medicine, you mide peen sick und auf you cure yourself a pound dots more worth as brevention was by der ounce.

N.—Dats so, Mistah—Dis nigger nearly dead toder day: now he well as ebber. Mighty good medisn, dat Fever Percific.

—♦—
BIG RAPIDS, Mich. Jan., 14th, 1873.

DR. C. WAKEFIELD & Co., Gents: My boy, nine years old, had the Chills for several months, and we could get no permanent relief until we obtained a bottle of your Fever Specific. This cured him at once. Two of our hotel proprietors and other prominent citizens have also used it with the same glorious result.

Yours,

J. E. HUMPHREY.

HEALTH, before wealth.

Miscellany.

A CALIFORNIA man tied one end of a lariat around his waist and lassoed a cow with the other. He thought he had a cow sure, but, at the end of the first half mile he began to suspect the cow had him.

RIGHT principles will never harmonize with wrong practices.

PERSONS traveling through the West should not fail to take along a box of Ague and Fever Pills and a box of Liver Pills; then he need not fear being sick.

MIND your own business only, and you will seldom have enemies.

A BRIGHT little girl four years of age, while visiting a neighbor, got affronted at some incident and started for home. As she was leaving the door, remarked: "The next time I come over to see you, I shall stay at home."

To strengthen up the weak and to fortify against disease use the Wine Bitters.

ST LOUIS has a smart mule on one of its car lines, who continually switches his mate with his tail, thereby causing him to pull all the load! How is he for a brute of a beast?

HE who would make a fool of himself, will find many to help him.

A SHORT Mass and a long dinner.

WAKEFIELD'S EGYPTIAN LINIMENT.

This is one of the most stimulating and penetrating oil Liniment in use, and is used with great success on horses in the cure of Sprains, Swellings, Chafes, Galls, Bruises, Spavin, Sweeney &c. It is as strong as horse flesh will bear without irritation. Harness galls are often cured without resting the team or even changing the harness that produced the gall. Read the following certificates :

Cures Rheumatism.

D. C. WAGGONER, our Agent at Monmouth, Ind. writes thus: I have been engaged in the sale of Medicines for thirty years, and have ever refused to recommend any of them; but finding in your remedies superior merit and unbounded success; I authorize you to publicly say for me that your EGYPTIAN LINIMENT surpasses anything ever sold by me for the cure of **Rheumatism**. Your BLACKBERRY BALSAM cures all irregularities of the bowels, and my customers say your medicines are all quite indispensable in their families.

W. A. BROWN, of Alaska, Ind. says: I got my foot badly fractured by the fall of my horse. I applied the EGYPTIAN LINIMENT continually and it soon took out the soreness and enabled me to walk. I also find this Liniment an excellent remedy for Rheumatism.

TO GIVE A HORSE AN APPETITE.—Every other day mix with his feed one tablespoonfull of salt and three of wood ashes. It will also keep off the Bots and Worms.

CONDITION POWDERS.—To cleanse the blood in cases of Swellings, Foul Sores, Mange &c: Mix equal parts of Salt Petre, Sulphur, Foenugreek and Black Antimony together all well powdered. Give your horse a tablespoonfull each day for a week. Bathe the sores with Egyptian Liniment.

If you get bilious, with a bad taste in your mouth, bad breath, general dullness, or if you feel as if a heavy substance lay in your breast or right side, take one or two doses of Wakefield's Liver Pills.

If your children are unthrifty, nervous and fretful give them Wakefield's Worm Destroyer.

For Neuralgia, Headache or Sore Throat, use Wakefield's Magic Pain Cure every time.

For Diarrhea and Summer Complaint nothing is equal to Wakefield's Blackberry Balsam.

For Typhoid Fever give Cough Syrup freely from one to three days, until the fever begins to abate, then give small doses of Fever Specific.

It is good to have friends everywhere.

Miscellany.

EVERY man can not be great in the eyes of the world; but every man may perform great and worthy actions.

A SINCERE desire for truth and goodness is a long stride towards their attainments.

A PREVENTIVE is better than a cure. It is easier to prevent Typhoid Fever when it threatens, by the use of Cough Syrup, than to cure it when well established.

No man ever done a wilful injury to another without suffering the infliction of a deeper wound on his individual character.

WHAT is that which has a mouth but never speaks, and a bed in which it never sleeps—a River.

AIN'T it wicked to rob dis here roost, Jim? Dats a great moral quession, Gumbo; we no got time to argue it now, hand down another pullet.

IF you take a sudden cold bathe your feet in hot water and take large doses of Cough Syrup.

A LITTLE boy at sunday school was asked "what is the chief end of man?" Replied, "the end what's got the head on."

A FARMER had a calf so contrary, he said, that he "had to pull his ears off to make him suck, and pull his tail off to make him let go."

WINE BITTERS.

This is no beverage but a genuine remedy for a dainty appetite, and an enfeebled condition of the system. It invigorates the Stomach, promotes digestion, gives activity to the circulation, purifies the blood &c.

Used in the spring it prepares the system for the change from winter to summer.

As a preventive in times of prevailing disease it is very effectual.

USED FOR WHAT? Used for Loss of Appetite, Headache, Biliousness, Jaundice, Rheumatism, Liver Complaint, Dyspepsia, Constipation, Retention of Menses and many other symptoms.

GENERAL DEBILITY.—Persons declining in health, tending towards consumption, dyspepsia, or any chronic form of disease, cannot find a better remedy than these **Bitters**. The patient should buy half a dozen bottles and continue its use properly for some time, to cleanse the blood and invigorate the system. It will regulate the action of the liver and overcome constipation.

BILIOUSNESS—Is indicated by a bad or bitter taste in the mouth; tongue coated, no appetite, &c. Take a full dose of **Liver Pills** and follow with the **Bitters** three or four times a day. Apply **Pain Cure** freely over the stomach and right side. As a preventive of biliousness take one dose of the **Bitters** every morning before eating breakfast.

Ladies find the **Bitters** a valuable medicine for suppression and retention of Menses, and particularly girls entering womanhood, to develop and mature a natural healthy condition.

TURN OF LIFE.—The **Bitters** may be relied upon to keep the blood pure and the strength good to endure the change, and is useful in all female weaknesses.

FOR SCALD HEAD and Old Sores that will not heal, or that have proud flesh in them, apply the **Eye Salve** and cover with a thin cloth to keep it applied and take the **Bitters** internally.

MR. B. W. RICE, of Bethlehem, Ind. says: I believe your **Wine Bitters** has kept me out of the grave.

MORGAN WARE, our Agt. of Barbers Mills, Ind. says: All of your preparations give general satisfaction. I advise all who want reliable remedies that will give immediate relief to try Wakefield's remedies. They save many a doctor bill.

For Soreness in the Stomach—Use the **Pain Cure** externally, with a great deal of light rubbing.

JAUNDICE—Is soon cured by using the **Bitters** regularly and the **Liver Pills** twice a week.

A SACK is best tied before it is full.

Miscellany.

APPEARANCES often deceive. The material and visible in all nature, appear most substantial while in reality they are all perishable, and are only the outward visible effect of the invisible or spiritual, which is the true substantial. The Soul of man is the true identity. Love, Wisdom, Truth and a well established moral character, are imperishable attributes of the Soul.

TRUST in providence for good health, but keep Wakefield's Medicines on hand, for "faith without works, is dead."

THIS question agitates Lawrence, Kan: "should a young man leave his music lesson to split wood when his mother is at home in perfect health?"

"You ought to lay up something for a rainy day," said an anxious father to his profligate son. "And so I have," replied the youth. "What?" "An umbrella."

For Galls, Bruises and all external diseases on horses use the Egyptian Liniment.

AN old edition of Morse's geography says: "Albany has four hundred dwelling houses, and two thousand four hundred inhabitants, all standing with their gable ends to the street."

HE is the wisest man who does not think himself so.

FOR SORE AND WEAK EYES

Use Wakefield's Eye Salve.

This is a reliable remedy for sore and weak Eyes, sore Lips, Chaps, old Sores, Chafes on children, and external humors. It is a very nice scientific preparation, and a small particle of it answers for an application. It kills the humor, quiets, cools and heals, and is a useful article to have in a family. It is warranted equal to any Eye Salve before the public.

BEECHER CITY, ILL., Jan. 9th., 1873.

DR. C. WAKEFIELD, DEAR SIR: I take the liberty of writing you, of a wonderful cure performed on my Daughter, and if you think it of advantage you may publish it. I do certify that my daughter eleven years old has been afflicted with sore eyes ever since she was two years old. I tried several physicians, none could do her any good. I thought I would try your Eye Salve, I commenced the use of it last summer and in three months they were entirely cured, her eyes are perfectly well now.

Yours truly,

J. P. NELSON.

Wakefield's Egyptian Salve.

This is a very cleansing and healing remedy for old Sores, Cracks, Cuts, Frosted Parts, Corns, Burns, &c., and is an excellent adhesive plaster for dressing fresh cuts and wounds, where the parts need to be confined in their proper places.

DIRECTIONS.—For Cracks and Sores, heat the end of the stick, and apply it hot enough to fill the cracks and adhere firmly to the skin. It will keep out the air and water, and soon heal the opening.

FOR CORNS.—First pare the thick skin off the corn, then apply a plaster of this salve, putting on a fresh one every day and it will soon effect a cure.

SUGGESTIVE.—An alopathic physician on presenting his bill to the executor of a deceased patient, asked. "Do you wish to have my bill sworn to?" "No replied the executor, the death of the deceased is sufficient evidence that you attended him professionally." That doctor never prescribed Wakefield's remedies.

J. L. Woods, of Vernon Co., Mo., says: Your Cough Syrup is the best medicine for the Lungs that is made.

For Fevers or Chills, use Wakefield's Ague & Fever Pills. They are sugar coated, pleasant to take and never fail.

For local pains there is nothing better than Wakefield's Pain Cure.

BROWEN'S RAT KILLER !
IS
Sure **DEATH!!** **Sure**
TO
RATS,
Mice, Roaches, Ants &c., &c.

This is one of the best preparations of the kind there is manufactured, and gives general satisfaction. One advantage it has over all others is, it does not dry up and get hard. Try one box of it and use according to directions, and we think you will find it just the article to rid your premises of rats, mice, &c.

Prepared by C. WAKEFIELD & Co., and sold by Druggists generally throughout the West.

Nerve and Bone Liniment.

This is an extremely penetrating Liniment without being irritating or stimulating. It is soothing and very healing. It is used on raw burns, sores of any kind, contracted leaders, and any parts that need softening. For a burn, saturate a little batting with this LINIMENT and apply, keeping the cotton wet with the LINIMENT until the fire is all out, and keep some applied until it heals.

Huntley's Concentrated Benzine

Is the best article you can get for cleaning soiled clothing. It takes out grease spots and does not soil the finest silks. Manufactured by C. WAKEFIELD & Co., and sold by all Druggists throughout the West.

Pile Ointment.

WAKEFIELD also manufactures a very superior OINTMENT for Piles, which gives speedy relief, and will be forwarded by mail on receipt of price—50 cents.

NOTHING relieves diarrhea half so quick as Wakefield's BLACKBERRY BALSAM.

WORMS! WORMS! WORMS!

WAKEFIELD'S WORM DESTROYER.

This valuable medicine is prepared in Lozenges; is very pleasant for children to take, is quite harmless in any reasonable quantity, and is very effectual in relieving children or adults from these internal disturbers of rest and health.

These Lozenges cleanse the bowels and stomach of the slimy matter in which worms are bred, correct bilious and fretful symptoms, act on the kidneys and restore to health all pale, unthrifty looking children.

Spasms in children are most frequently the result of worms. When a child is irritable and feverish, sometimes craving food and eating ravenously, or refusing wholesome diet, restless in sleep, moaning and grinding the teeth, then be assured these symptoms are worms, and no time should be lost in giving WAKEFIELD'S WORM DESTROYER according to directions.

On some children a few doses, and in some cases even the first dose, has carried off a large number of worms; in other cases the worm symptoms disappear without the worms becoming visible. **Price 25cts per box.**

Personal Experience.

G. B. SMART, of Blue Mound, Linn Co., Kan., says:—Your medicine is doing a great amount of good in this vicinity. I give you a little of my experience; my wife has been subject to a cough for many years, when the cold weather set in the cough became violent, she resorted to your Cough Syrup and took one small bottle a day, she soon got well and free from cough.

I took down suddenly with Bilious Pneumonia; used your medicines as your directions advise and was soon all right again.

Saved Her Life.

B. W. RICE, of Bethlehem, Ind, says: Your Cough Syrup saved the life of my sister. She lived in Louisville, Ky., and two of the best doctors attended her for six months and done her no good, She coughed day and night and finally came to my house to die. I immediately got your Cough Syrup and gave her freely, and in three weeks she went home, but she did not take her cough with her for she was well. Any one doubting the truth of this statement can address me as above, and learn the truth of this and many more wonderful cures.

CERTIFICATES.

Liver Pills for Cancer.

UNION HILL, ILL. Feb. 24th, 1873.

DR. WAKEFIELD, sir: I have cured 17 Cancers within the last two years, and depended on your **Liver Pills** for one of the medicines to renovate the blood.

In the first place I cured a Cancer on myself after the doctors said I could not be cured; and that I would die within three months.

Yours truly, DANIEL P. BEEBE.

If your optics are weak or inflamed Wakefield's **EYE SALVE** will set them right again. Try it.

FELIX TREMBLED: So do people who have Ague & Fever, but Wakefield's **FEVER SPECIFIC** or **AGUE PILLS** will stop it every time.

Success in Consumption.

MR. L. RECKSECKER, of Chippewa Mission, Kan. says: I was called to see one of our people apparently dying from Consumption. I found him very weak, coughing fearfully with flushes of fever and occasional chills. I thought him dying and so did all present; but I commenced to give him freely of your **COUGH SYRUP** through the day, and **LIVER PILLS** every other night; applied **PAIN CURE** on his breast and side and gave occasionally small doses of **FEVER SPECIFIC**. The cough loosened gradually and he began to mend. After using eight bottles of your Cough Syrup he was up and walked a mile to see me and get more medicine.

Cures Men Women and Children !

NEW PHILADELPHIA, ILL. July 6th. 1872.

DR. C. WAKEFIELD & Co., sir: In reference to your medicines, I believe your **FEVER SPECIFIC** to be the best medicine that was ever gotten up by any man on top of the ground.

The truth is, it has cured every man, woman and child of the Ague that ever used it.

Your **COUGH SYRUP**, **BALSAM** and **LIVER PILLS** are exactly adapted to the wants of our people, and have no superiors. All of your articles are liked.

JOHN F. THOMAS.

MEREDOSIA, ILL. Feb. 22, 1873.

DR. C. WAKEFIELD & Co.: Please send me some more **Cough Syrup**; the fact is, the measles are all over this town, and we find nothing so good for it as your Cough Syrup.

N. C. BUSHNELL.

ADVICE TO INVALIDS.

The invalid should study the laws of life and eat to live, instead of merely to gratify a morbid appetite. Plain nourishing food and few dishes at each meal are most conducive to health. Too greasy, stimulating and highly seasoned food and rich deserts, keep the system feverish, the nerves restless, the stomach sour, the blood impure, the patient wakeful, notional and often troubled with evil forebodings. Persons thus afflicted, in order to regulate their diet, should take on their plates for the meal, such articles and quantity as their judgment directs. Eat that and nothing more. Eat very slowly so as to retain each mouthful long enough in the mouth to have every particle of the food well saturated with the saliva of the mouth, which is the first important principle of digestion. A half an hour should be consumed in taking even a light meal, but let it be interspersed with cheerful conversation.

Enfeebled persons and dyspeptics may eat freely of lean meat, also, bread made of Graham flour (unbolted wheat flour,) grits of corn, rye or oats stewed like rice and eaten with a little milk, plain apple sauce &c. A raw egg beaten with half a tea-spoon of sugar and a little milk, at breakfast, is very nourishing and digestible.

Dyspeptics who are troubled with acidity of the stomach and costive bowels, will do well to eat a lump of Magnesia the size of a small hickory nut, about one hour after their hartiest meal once or twice a day. This will neutralize the acid then forming and assist greatly in regulating the action of the bowels.

Rubbing and spating with the naked hand over a torpid liver and stomach every morning assists greatly in renewing their activity.

Perseverence overcomes most all difficulties.

DYSPEPTIC'S BISCUITS AND COFFEE.—Take Graham Flour 2 quarts; Corn Meal 1 quart; Butter $\frac{1}{2}$ a cup; Molasses 1 cup; mix with sour Milk, add a little Soda. Bake as common biscuit or mix a little softer and bake in hot gem moulds.

For the Coffee—continue the baking of the biscuit slowly for several hours, until they are browned through and make as other coffee. One biscuit will make three cups of pleasant nourishing coffee.

GEMS.—(Excellent for breakfast.) Mix Graham flour with sour milk and one egg, making it a little stiffer than common batter, adding salt and soda. If you use sweet milk use Baking Powder. Bake in gem moulds in a quick oven.

RECIPES---PLAIN COOKING.

SWEET CREAM—is a nice and nourishing article for invalids, eaten in place of butter on plain puddings and grits. It is found to be far superior to cod-liver oil for consumptives, and much more palatable.

PIES—are often indigestible because the crust becomes soaked with the juice of the pie, then will not cook but remains very soggy. To prevent this use the **PIE-CRUST GLAZE**, made thus: Beat an egg well, then with a bit of cloth wet the crust of the pie with the beaten egg, just before putting in the pie mixture.

APPLE PIE THAT IS DIGESTIBLE.—Mix up your crust in every way as you would biscuit. Roll out thin; put on the egg glaze; fill in with ripe apples sliced nicely and sweetened according to the acidity of the apples; put on upper crust with the glaze on the under side, and you have a pie that is fit to eat. One third corn meal added to pie crust will also make it more light and digestible.

GINGER COOKIES.—Molasses (fresh New Orleans, full of foam is the best,) 1 pint; butter 1 cup; ginger 1 table spoon; soda 1 table spoon; hot water $\frac{1}{2}$ cup; stir in flour as long as you can with a spoon, roll thin, cut in cakes and bake immediately.

CORN MEAL PUDDING.—Sweet milk 1 qt.; butter 1 oz.; 4 eggs, well beaten; corn meal and sugar, of each 1 cup; raisins or cherries, 1 cup. Scald the milk; stir in the meal, when cooled blood heat, add the other articles—bake $1\frac{1}{2}$ hours; eat with sweetened cream.

APPLE CUSTARD PIE.—Stew sour apples, and rub through a cullinder; beat one egg for each pie with $\frac{1}{2}$ cup of butter and $\frac{1}{2}$ cup of sugar to 4 or 5 pies; use the egg glaze. Bake as pumpkin pies.

COFFEE.—To make good coffee brown slowly but never burn it as many do and thus destroy the richness and pure odor of the coffee. Steep slowly for some time and keep the pot closely covered with a rag in the spout to retain all of the fine aroma.

FOR COLIC IN HORSES.—Give a bottle full of the **Balsam** at a dose. If you do not have it at hand, give the horse 1 oz. Spts. Turpentine; 1 oz. Tinct. Opium; with $\frac{1}{2}$ pt. warm water. Or, $\frac{1}{2}$ oz. Sulph. Ether; with 1 oz. Tinct. Opium, with warm water. Repeat in 30 minutes if not relieved.

BORS.—Give 2 qts. warm milk, with 1 pt. molasses, after 20 minutes, give 2 qts. warm sage tea, 30 minutes after the tea, give 1 pt. linseed oil.

RECIPES.

To make nice cake, the eggs should be thoroughly beaten, and all the ingredients thoroughly mixed—any kind of flavoring can be used that is desired.

SPONGE CAKE.—Flour 3 cups; fine white sugar 2 cups; 6 eggs; sour milk $\frac{1}{2}$ cup; soda 1 tea-spoonful. As soon as all is mixed, put in a quick oven—bake 20 to 30 minutes.

CREAM CAKE.—Very nice.—First make a sponge cake as above described.

Next, make the cream as follows: Milk 1 coffee cup; Flour 1 heaping table spoonfull; Sugar 4 spoonfulls; 2 Eggs.

Set the dish of milk in boiling water. Beat all the articles well together, then mix well with the hot milk and stir continually until thickened, take off and flavor with ext. Vanilla. When the cream and cake are both cold, with a sharp thin knife, take off a thin slice from the top of the cake, lay it one side, then take off another slice half an inch thick, the third, making about four slices. Now spread some of the cream on the bottom slice, then lay on the next slice as it came off, then spread the top of that slice, lay on again and so on until the cream is evenly mixed through the cake when it is complete. This is a favorite cake with all persons who have tried it.

SILVER CAKE.—Whites of 12 Eggs; Butter 1 cup; Flour 4 cups; sweet Milk 1 cup; Sugar 4 cups; Baking powders 2 teaspoonfulls; Ext. Lemon 1 teaspoonfull. Bake in a deep pan.

GOLD CAKE.—Yolks of 12 Eggs; Flour 3 cups; Sugar 2 cups; Milk 1 cup; Butter $\frac{1}{2}$ cup; Baking Powders 2 teaspoonfulls; Ext. Lemon 1 teaspoonfull.

CANNING FRUIT.—Any fruit may be canned successfully with or without sugar, by putting it in the cans about boiling hot and sealing immediately.

GRAPES—so plenty in this country are easily canned or saved in jugs, and make nice pies in winter.

SEALING WAX FOR CANNING FRUITS.—Rosin 1 lb.; lard, tallow and beeswax, of each, 1 oz.; melt together.

SNAKE BITE.—Apply at once Aqua Ammonia, or, a strong solution of soda, and keep it bound on for 1 or 2 hours. These neutralize the poison—spirits taken freely internally will prevent the poison from effecting the blood.

COLIC.—Take one or two table-spoonfulls of Wakefield's **Blackberry Balsam**, and apply hot wet cloths over the stomach and bowels.

A WORD TO DEALERS.

Those who desire our Almanacs, with their business card on the cover, should send in their orders early in the Fall, to ensure attention, as it is impossible to print for every Agent in the last month of the year. Each party should write his address as plain as print, so that our printers will make no mistakes. Give the number of English and German you are sure you can profitably use.

Wakefield's Medicines are for sale, at Manufacturers' prices, by all Wholesale Druggists in Chicago, Saint Louis, Indianapolis, Cincinnati, Terre Haute, Alton, Peoria, Quincy, Keokuk, Burlington, Saint Joseph, Kansas City, Des Moines, Springfield, and many other places.

WAKEFIELD'S PAIN CURE

Should be kept in every family. You will have use for it much oftener than for your camphor bottle. Keep it in readiness for any local pains: Headache, Neuralgia, Paralysis, Faintness, Sprains, &c.

For derangement of the bowels use **Dr. Wakefield's Blackberry Balsam**. If moderate doses do not answer, use large ones and more frequently. It never fails.

For biliousness use **Liver Pills** and **Wine Bitters**.

WAKEFIELD'S FAMILY MEDICINES

ARE FOR SALE BY
